The National Dedicated Staffing Team - Staffing Board

Canada Revenue Agency

Email: ComitededotationSUENDD@cra-arc.gc.ca

Dear Hiring Manager,

I'm excited to apply for the student position at the Canada Revenue Agency (CRA). As a Computer Programming student at Niagara College Canada, my passion for technology and hands-on experience in web and software development have equipped me with the skills needed to tackle real-world challenges.

Working as a Computer Lab Assistant taught me how to support and collaborate with others effectively. I helped students navigate programming problems, coordinated with instructors to improve learning experiences, and ensured an organized lab environment. These experiences have shaped my approach to problem-solving and teamwork, skills I believe will be valuable at CRA. I've developed projects like job portals and automation tools using technologies like ASP.NET, React, and PowerApps. What excites me most about this opportunity is CRA's commitment to making a difference for Canadians. I'm eager to use my skills to create innovative solutions that support this mission while contributing to an inclusive and diverse work culture.

Thank you for considering my application. I look forward to the opportunity to grow with CRA and make a meaningful impact through technology.

Best regards,

Akash Pandey
